Transit Bus Driver “Train-the-Trainer” (PPT100)

You will gain the skills and experience a trainer needs to conduct behind-the-wheel training in the field. You will learn to teach public transit bus drivers the techniques for operating vehicles safely and how to avoid collisions. Classroom training covers such topics as attitude, problem solving, and state laws.

Topics:

- Teaching techniques
- Correct minor usage and pre-trip inspections
- Backing (straight, weave, gradual, and sharp)
- Demo backing weave and turning (sharp right, sharp left, and left with problem objects)
- Parking (parallel and demo into a stall)
- Documentation
- Final instructions/implementation

Length: 30 hours

Audience: Trainers and supervisors who wish to ensure their skills behind the wheel are current and practiced.

Prerequisites: Current Commercial Driver’s License (CDL) A or B with Passenger Endorsement

Other information: You will need to bring a copy of your current driving record
