GENERAL INFO

Attendance Policy

In order to receive a “Successfully Completed” certificate, students must wear their name tags, attend and participate in all class sessions, and pass a written examination with a score of 70 or above. It is student’s responsibility to make sure name is checked-in on roster for EACH course. Student must attend class ALL DAY to receive successful completion.

Course Certificates

Certificates of Completion are issued for all courses. Two weeks after successful completion, certificate may be downloaded via the TEEX Student Portal. To download certificate, login to <https://my.teex.org/TeexPortal>. From here student can sign in to user account, or if first visit, create a new account. See page 8 for more details.

Clothing / PPE Requirements

Clothing requirements and PPE Levels are listed inside by course and described in detail in the Student Safety Manual available at [TEEX.org/firesafety](https://www.teex.org/firesafety). All students and instructors are required to follow this manual at all times. By registering for this school, guest instructors and students signify that: (1) they have read the TEEX Student Safety Manual; (2) they agree to abide by the requirements of the TEEX Student Safety Manual at all times; and (3) they will make arrangements to bring the proper Personal Protective Equipment with them to the School.

Accommodations

Contact the Bryan/College Station Convention & Visitor Bureau at 979-260-9898 or online at www.experiencebcs.com for information about area motels and hotels.

Meals

Noon meals are included with tuition. Participants are responsible for all other meals. Meals for visitors can be purchased at Bldg #25 for \$15.00 each. To receive meal, student **must** wear name badge and go to the assigned eating area.

Transportation

- **To and From Classes:** Participants should provide their own transportation to and from Brayton Fire Training Field. Parking is very limited. Carpooling is highly encouraged.
- **Air:** Easterwood Airport, located on the Texas A&M University campus, is served by American Airlines with connections to Dallas/Fort Worth International Airport and United Airlines with connections to the George Bush Intercontinental Airport in Houston.

Parking

There is LIMITED PARKING on the field! Classes highlighted with asterisk (*) on page 3 may receive a temporary PARKING PASS. If you receive a pass, you may park in designated lots during the week of Spring Fire School. A limited number of on-field parking passes will be available.

All other Spring School classes must park in lot in front of Building 25, Henry D. Smith building, or in designated areas along Nuclear Science Road. Golf cart transportation will pick up students at Gate D, behind Building 25, to take students to class.

Tobacco Use

TEEX/TAMUS policy 34.05.88-1 indicates that every building must remain TOBACCO FREE. This rule applies to every interior air space, entrances, elevators, hallways, bathrooms, conference rooms, classrooms, and individual offices.

There are designated SMOKING AREAS on the field that permit the use of tobacco and cigarettes.

WELCOME TO THE 31ST ANNUAL SPRING FIRE SCHOOL!

n behalf of the Texas A&M Engineering Extension Service (TEEX), Emergency Services Training Institute (ESTI) and the Texas Fire Training School (TFTS) Advisory Board, I would like to personally welcome you to the 31st Annual Spring Fire School. During this week, you will see firsthand not only the state of the art props and facilities at Brayton Fire Field, but also the high quality curriculum and instructional staff that follow all required national recognized standards under the National Fire Protection Association (NFPA).

Our strong partnerships with the SFFMA, the Texas A&M Forest Service (TFS), and the Texas Commission on Fire Protection (TCFP) are the support mechanism for our ability to educate the Fire Service of our great State for all Paid Professional and Volunteer Professional Responders.

Please use caution and drive safely while visiting the Bryan/College Station area. There are several road construction projects currently underway.

Once again, welcome to the 31st Annual Spring Fire School and Thank You for choosing TEEX-ESTI for your training needs.

—Chief Robert Moore
Division Director, TEEX - ESTI

HOW TO GET YOUR TEEX CERTIFICATE

Printing Certificate

You will have online access to print your **TEEX Certificate** beginning **MARCH 22, 2019**.

Pro Board Certificates will be mailed to the address listed on your registration form.

Note: TEEX certificates will not be printed onsite.

TEEX Portal Account

Two weeks after successful completion, certificate may be downloaded via the TEEX Student Portal.

To download certificate, login to **<https://my.teex.org/TeexPortal>**. From here student can sign in to user account, or if first visit, create a new account.

Create A New Account

- Click on the **Create Account** button.
Use the email you currently have on file with TEEX. Once you have filled out the required information click on **Create Account** at the bottom of the page.
- You will be sent an email with a **verification code embedded in the link**. Click on the link, and you will then get a message that you have created your portal account.

Log into your Portal account to print your TEEX Certificate

<https://my.teex.org/TeexPortal/Default.aspx>

- Enter your **email address** (same email you used to create the portal account) and **password** (the one you created). Click on **Sign In**
- You will be asked a question, 'Have you taken TEEX courses?' Answer 'Yes' if you have or 'No' if this is your first class with TEEX.
- The next screen should show your TEEX **Course History** where you can click on the **Print Certificate** link next to each course listed.

Regular Certificates will be available beginning 10 business days after the class is completed.

Pro Board Certificates are not available on the TEEX Portal but will be mailed 4 weeks after class is completed.

For questions, please contact
StudentRecords@teex.tamu.edu or
979-458-6833

TCFP CERTIFICATION

TCFP Pro Board Certification Acceptance

At the January 2014 meeting of the Texas Commission on Fire Protection (TCFP) Board of Commissioners, a big decision was made that affects firefighters across the state. The Commissioners unanimously voted to approve a reciprocity policy that allows some Pro Board certifications given by TEEX to be submitted through the state system to receive TCFP certification.

What certifications are eligible for reciprocity?

The policy language approved by the Commissioners includes several conditions for Pro Board certification to be accepted by TCFP for state certification. TCFP will accept Pro Board certifications from TEEX, without additional state testing, under the following conditions:

- the Pro Board certifications must be issued by TEEX,
- the Pro Board certifications must be issued for certain National Fire Protection Association (NFPA) standards, levels, and edition years (see chart below),
- the Pro Board exam must be administered in English only, and
- the Pro Board certification must be issued for a course that was approved by TCFP prior to the delivery of the course.

Pro Board Certifications Eligible for State Certification

Standard	Level	Oldest Edition Year Accepted
472	HazMat Technician HazMat Incident Commander	2008
1001	Fire Fighter 1 & 2	2008
1002	D/O Pumper	2009
1002	D/O Aerial	2014
1003	ARFF	2010
1021	Fire Officer 1, 2, 3, and 4	2009
1031	Inspector 1, 2, and Plans Examiner 1	2009
1041	Instructor 1 & 2	2007
1072	HazMat Technician HazMat Incident Commander	2017

ANNOUNCEMENTS

Annual School Accommodations Policy for Written Exams

A new Annual School policy regarding testing accommodations is in effect for candidates who qualify under the Americans with Disabilities Act (ADA).

Accommodation requests must be communicated and approved by the TEEEX Certification Office prior to or on the first day of class. Formal documentation must be provided by the candidate to the Certification Office prior to making arrangements.

Learn the full details on this policy by visiting www.TEEEX.org/AnnualSchools and click on the Spring School link.

New Sign In Procedure

TEEX is testing a new electronic sign in procedure. To receive credit for your attendance, ensure you have your badge scanned for each class session you attend.

SPEED
LIMIT
10

Speed Limit on Brayton Fire Training Field is **10 mph**.

The **Field Medic** office is located in **Building #71** across from the Ship.

IMPORTANT REMINDERS

Wear Your Badge to Meals

You must wear your badge in order to eat lunch.
You will have to pay without your badge.

Tobacco Use

TAMU / TEEX by TEEX-TAMUS Policy 34.05.99-1, indicates that each building must remain **tobacco free**. This rule applies to every interior air space, entrances, elevators, hallways, bathrooms, conference rooms, classrooms, and individual offices. There are designated smoking areas that permit the use of tobacco and cigarettes.

Instructors are responsible for informing students of this policy

IMPORTANT!

In order to maintain accurate records and ensure you receive proper credit for the courses you complete, the Texas Fire Training School has initiated procedures of which you should be aware.

Attendance roll call will be taken daily. It will be your responsibility to make sure you are checked off on the roster for each course, class, and/or project.

To receive a **Successfully Completed** certificate, you **MUST**

- Attend all classes,
- Participate in all phases of the course, and
- Make a course of 70 or above on examination.

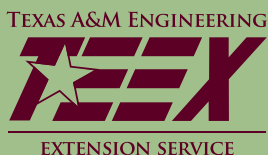

Parking Instructions

Unless you receive a special parking pass to park on the field, you must park in lot in front of Building 25, Henry D. Smith building, or in designated areas along Nuclear Science Road. Golf cart transportation will pick up students at Gate D, behind Building 25, to take students to class. See page 5 for more information on Parking Passes.
