Through dynamic teaching and the use of fire-ground video, attendees will learn the skill of reading smoke. You will learn about:

- The attributes of smoke including volume, velocity, density and color.
- Explore how those attributes will indicate fire size, fire location and predict fire behavior.
- Improve your strategic and tactical decision-making through reading smoke."

Phil Jose is a retired Deputy Chief of Operations and Shift Commander in Seattle Fire Department with over 31 years' experience. He teaches nationally at major national conferences including FDIC and Firehouse World and Expo. Phil is the co-author of "Air Management for the Fire Service", Pennwell 2008 as well as other book and video products. Phil is the recipient of the FDIC Tom Brennan Training Achievement Award.
