<p>Reducing Cancer in the Fire Service FEE: No Fee</p>  <p>https://tinyurl.com/ryy9msvy</p>	<p>March 21, 2026 7:00AM – 9:00AM</p>	<p>0</p>	<p>The goal of this course is to educate firefighters and EMS personnel about their increased risk of developing cancer; encourage actions and behaviors to reduce or prevent exposure to occupational cancer hazards; encourage healthy lifestyle choices to further reduce cancer risk; and provide information about resources available to firefighters, EMS personnel, and their families following a cancer diagnosis.</p>	<p>2</p>
<p>Courage to be Safe FEE: No Fee</p>  <p>https://tinyurl.com/mu768h5n</p>	<p>March 21, 2026 10:00AM – 2:00PM</p>	<p>0</p>	<p>Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved.</p> <p>A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks, and tragic consequences. This provocative and moving presentation is designed to change the culture of accepting the loss of firefighters as a normal occurrence.</p> <p>Building on the untold story of Line-of-Duty Death (LODD) survivors, it reveals how family members must live with the consequences of a firefighter's death and provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths.</p> <p>The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that, "Everyone Goes Home" at the end of the day.</p>	<p>4</p>

<p>Controlled Flammable Liquid Burns FEE: \$50.00</p> <p></p> <p>https://tinyurl.com/2k634zbu</p>	<p>March 21, 2026 5:30PM – 10:30PM</p>	<p>4</p>	<p>This course provides comprehensive training in the safe and effective handling of controlled flammable liquid burns. Participants will learn about the properties of flammable liquids, the dynamics of liquid fire behavior, and the techniques for controlling and extinguishing liquid fires. Through field instruction and hands-on practical exercises, attendees will gain valuable skills in risk assessment, fire suppression, and emergency response. Ideal for firefighters, industrial safety professionals, and emergency responders, this course ensures preparedness for managing flammable liquid fire incidents safely and efficiently.</p>	<p>5</p>
<p>Guest Instructor FEE: None</p> <p></p> <p>https://tinyurl.com/e3pdskk3</p>	<p>March 21, 2026 7:00AM – 11:00PM</p>	<p>***</p>	<p>All Guest Instructors must register. *** PPE specific to the class being taught.</p>	<p>16</p>

***ESTI Student Safety Manual PPE requirements for levels (0-5). Classes are subject to change and/or cancellation.**
