EMERGENCY MEDICAL TECHNICIAN (EMT)

PROGRAM OVERVIEW

TEEX offers participants an EMT program (EMT100) that includes a lecture and skills lab portion, as well as a clinical/Emergency Medical Services (EMS) internship.

Participants receive training that is approved by the Texas Department of State Health Services (TDSHS) and is based on the National Standard Curriculum core competencies, which meet or exceed the minimum hours and content established by TDSHS. Participants successfully completing the didactic requirements (must pass all skills tests, unit exams, summative exams, and final exams) and clinical components of this program will be eligible to receive a course completion certificate and sit for the National Registry cognitive exam.

The 9-week, 320 program hours include: 200 hours of classroom lecture and hands-on skills lab, 48 hours of clinical internship and 72 hours of field internship.

The maximum number of participants in the program is 30. TEEX maintains a ratio of one instructor per 30 participants during the classroom lecture; one instructor per six participants in the skills lab; one preceptor to one participant during clinicals; and one preceptor to one participant during field experiences.

Classes are held three days a week (Monday, Wednesday, and Friday) from 8:00 a.m.–5:00 p.m. A detailed class schedule is provided after registration is complete.

COURSE CALENDAR

The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for updates. All classes are held at the TEEX Brayton Fire Training Field campus. Clinical and field internships are available within the TEEX EMS Program service area. Please contact the EMS program for clinical and field internship locations.

COURSE COST

Tuition: $3,000

Non-refundable application fee: $75

REQUIRED SUPPLIES

Participants must provide the following items:

• Notebook paper (8½” × 11”)
• Pens/Pencils and markers
• EMT Basic Textbook Package
• Sterling Credentials
• Stethoscope
• Blood Pressure Cuff
• Class uniform:
  • Polo shirts available from M&M apparel (link provided after registration)
  • T-shirts available from M&M apparel (link provided after registration)
  • Black uniform-style pants
  • Closed-toe black shoes or boots that can be polished
  • Black belt
  • Watch

ENROLLMENT REQUIREMENTS AND PROCESS

Applicants for the EMT program must meet the following requirements:

• Be a high school graduate or have passed a GED test.
• Be at least 17 years of age (must be 18 years of age to become certified by Texas DSHS EMS).

Registration for all EMS courses is located on the TEEX EMS Education Program Website. To apply for this course, applicants must provide the following documents at the time of paying the application fee by uploading to the TEEX Student Portal:

• Completed and signed EMT Class Participant Enrollment Agreement

Applicants will then have 15 business days (about 3 weeks) to upload all prerequisites into CastleBranch. See the EMT Registration Packet (found on course description) for more details.
Applicants must set up an account at [teex.castlebranch.com](http://teex.castlebranch.com) to submit the following documentation:

- Documentation of a current Cardiopulmonary Resuscitation (CPR) certification (Basic Life Support [BLS] Provider certification provided by American Heart Association or American Red Cross only).
- Health insurance card with student name or letter of eligibility from insurance carrier.
- Technical Standards Acknowledgment Form
- A criminal background check covering the last seven years that will be initiated by CastleBranch upon account creation and payment.
- A drug screening that will be coordinated by CastleBranch upon account creation.
- Proof of the following immunizations:
  - Measles (rubeola), mumps, and rubella: two vaccinations or positive titer
  - Varicella (chicken pox): two vaccinations or positive titer
  - Hepatitis B: three vaccinations or positive titer (series in process with two vaccinations complete will be accepted)
  - Tuberculosis (TB): one of the following within the last six months:
    - 1 step TB skin test
    - QuantiFERON Gold blood test
    - T-spot blood test
    - Interferon-Gamma Release Assay (IGRA) blood test
    - Negative chest x-ray with physician documentation stating you are TB free
  - Tetanus, Diphtheria, and Pertussis (Tdap): vaccination within the last ten years
  - Flu: vaccination during the current flu season
  - Meningitis: proof within the past five years if under the age of thirty (additional information about meningitis)

**Note:** COVID immunizations are not required for entry into this course. However, they may be required for internship affiliation sites.

The TEEX EMS staff monitors student uploads to CastleBranch and will communicate to you when you have been cleared to enroll in the EMT program. Once you’ve been approved to register, you will log into your Student Portal to pay your tuition. The tuition must be paid within 15 business days of paying your application fee to avoid losing your seat in the class.

**CERTIFICATION REQUIREMENTS**

In order to become a certified EMT by the Texas DSHS, participants must:

- Successfully complete this program to include meeting all minimum requirements of didactic, psychomotor, and affective evaluations
- Complete the National Registry of Emergency Medical Technicians’ (NREMT) application (preferably before the end of the course)
• Pass National Registry of Emergency Medical Technicians’ (NREMT) written testing
• Pass National Registry of Emergency Medical Technicians’ (NREMT) psychomotor testing
• Obtain NREMT certification
• Meet the TDSHS EMT minimum requirements
• Submit TDSHS application and fees
• Complete criminal background check and fingerprinting
• Obtain TDSHS EMT certification

**REQUIREMENTS FOR SUCCESSFUL COMPLETION**

**Important:** If clarification is needed, participants should contact their lead instructor and/or EMS training director for more information.

**Attendance—Lecture/Lab**

Class attendance is an essential part of the education process, and participants in TEEX courses are expected to attend all class sessions and field exercises. Attendance and participation are components of successful course completion.

An absence is defined as not attending class for any reason. A legally required absence, such as jury duty or service deployment, will be excused; however, the missed time for these items will not increase the maximum number of allowable time absent. Tardiness is defined as not being in class or prepared to begin at the scheduled start time. Early departure is leaving before the instructor dismisses class for the day.

Excessive absence, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. Therefore, participants who miss 20 hours or more of the EMT course may be dismissed. Participants will be counseled by the lead instructor and/or training director for excessive absences.
Attendance is documented on the daily sign-in sheet or with a scanning bar coding system. Participants must sign in or be scanned daily for the morning and afternoon sessions. Participants may request to review past sign-in sheets or scanning logs to ensure attendance requirements are met.

If a participant misses a portion of the course, it is the participant’s responsibility to contact the lead instructor to determine if and/or how missed work can be made up. The lead instructor will evaluate, on a case-by-case basis, whether or not the missed instruction can be made up. In some cases, make-up work will not be available (due to equipment/facility needs) and the hours missed will be deducted from the attended hours. If make-up work is assigned, it will be comparable to the content, time, and delivery of the portion of the class missed.

Participants that miss 20 consecutive hours without communication to the lead instructor and/or training director will be administratively withdrawn.

**Attendance—Clinical Experience**

Requests for clinical/EMS shifts are submitted through a scheduling software. On approved shifts, participants are expected to be there on time and ready to complete their rotation. The clinical sites will communicate attendance with the TEEX clinical coordinator. Participants that do not show up, are tardy, or depart early from clinical rotations will be documented by the clinical coordinator and counseled by the lead instructor. Excessive absences, tardiness, or early departure could result in dismissal from the program.

**Grading**

Successful completion of the lecture/lab portion of the EMT program includes the following:

- Score a minimum of 70% on all exams, assignments, quizzes, and homework.
- Pass all in-lab skill verifications required for clinical authorization.
- Maintain a positive Affective Evaluation throughout the EMS Program.
- Complete all clinical and field internship hours prior to the final day of the course.

Successful completion of the clinical/field portion of the EMT program includes the following:

- Obtain clearance to participate in clinicals
- Schedule and complete all clinical hours by the last day of class.
  - 40 hours in the emergency department
  - 8 hours in respiratory care
  - 72 hours in EMS field experiences
- Participate in the care of the following types of patients:
  - 20 medical patients
  - 10 trauma patients
- Participate in at least 10 patient transports
- Complete all lab, clinical, and field internship documentation properly using Sterling Credentials within 24 hours of the activity.
CERTIFICATE RECEIVED UPON SUCCESSFUL COMPLETION

Participants that successfully complete the didactic requirements (must pass all skills tests, unit exams, summative exams, and final exams) and clinical components of this program will receive a TEEX course completion certificate and will be eligible to register to take the NREMT cognitive exam. Participants must complete the application process for the NREMT written examination. The testing fee for the NREMT exam, TDSHS application fee, and TDSHS background check/fingerprinting fee are not included in the tuition.

Participants will schedule the NREMT exam at a convenient location and date once they have successfully completed the program.

Certification by TDSHS is independent of TEEX. Participants are responsible for completing all state and local certification requirements. Participants will receive information to certify with NREMT and TDSHS EMS.

PARAMEDIC

PROGRAM OVERVIEW

TEEX offers participants a Paramedic (PAR100) program that includes a lecture and skills lab as well as a clinical/Emergency Medical Services (EMS) internship. Participants receive training that is approved by the Texas Department of State Health Services (TDSHS) and is based on the National Standard Curriculum core competencies, which meet or exceed the minimum hours and content established by TDSHS. The Paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and prepares participants for success as an entry-level Paramedic.

Participants successfully completing the didactic requirements (must pass all unit exams, summative exams, and final exams) and clinical components of this program will be eligible to receive a course completion certificate and sit for the National Registry cognitive and psychomotor exams. All Student Minimum Competency (SMC) requirements must be met for participant course completion of the TEEX Paramedic Program.

The 1,262 program hours include 150 hours of co-requisite courses, 512 hours of lecture and skills lab, 216 hours of clinical internship, 264 hours of field internship, and 120 hours of capstone EMS internship with 20 team leads.

The maximum number of participants in the program is 24. TEEX maintains a ratio of one instructor per 24 participants during the classroom lecture; one instructor per six participants in the skills lab; one preceptor to one participant during clinicals; and one preceptor to one participant during field experiences.

Classes are held on Tuesday, Thursday, and every third Friday from 8:00 am to 5:00 pm. A detailed class schedule is provided after registration is complete.

COURSE CALENDAR

The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for updates. All classes are held at the TEEX Brayton Fire Training Field campus. Clinical and field internships are available within the TEEX EMS Program service area. Please contact the EMS program for clinical and field internship locations.

COURSE COST

Tuition: $7,000

Non-refundable application fee: $75

REQUIRED SUPPLIES

Participants must provide the following items:

- Notebook paper (8½” × 11”)
- Pens/Pencils or highlighters
- Textbook package from Jones & Bartlett:
  - Nancy Caroline’s Emergency Care in the Streets, 8th edition (2 volume set)
  - Paramedic: Calculations for Medication Administration
  - Paramedic: Anatomy and Physiology, 2nd edition
  - Pathophysiology: A practical approach, 4th edition
  - Essential Medical Terminology, 5th edition
  - Online navigate system login
- Basic Arrhythmias with 12-Lead EKGs, 8th edition (Publisher: Pearson)
- Sterling Credentials
- Stethoscope
- Manual blood pressure cuff (sphygmomanometer)
- Safety glasses/goggles
- Penlight
- Class uniform:
  - Polo shirts available from M&M apparel (link provided after registration)
  - T-shirts available from M&M apparel (link provided after registration)
  - Long sleeve shirts available from M&M apparel (link provided after registration)
  - Full length, black uniform-style pants
  - Closed-toe black shoes (non-slip) or boots that can be polished (non-tennis shoe type)
  - Black belt
  - Watch
ENROLLMENT REQUIREMENTS AND PROCESS

Applicants for the paramedic course must meet the following requirements:

- Be a high school graduate or have passed a GED test
- Be at least 17 years of age (must be 18 years of age to become certified by TDSHS)
- Be certified as an NREMT Emergency Medical Technician (EMT) Basic or Advanced EMT (AEMT)

Registration for all EMS courses is located on the TEEX EMS Education Program Website. To apply for this course, applicants must provide the following documents at the time of paying application fee by uploading to the TEEX Student Portal:

- Completed and signed Paramedic Class Participant Enrollment Agreement

Applicants will then have 15 business days (about 3 weeks) to upload all prerequisites into CastleBranch. See the Paramedic Registration Packet (on course description) for more details.

Applicants must set up an account at teex.castlebranch.com to submit the following documentation:

- A current NREMT EMT Basic or Advanced EMT certification
- A current Cardiopulmonary Resuscitation (CPR) Certification (Basic Life Support [BLS] for Provider certification provided by American Heart Association or American Red Cross only)
- Health insurance card with student name or letter of eligibility from insurance carrier
- Technical Standards Acknowledgment Form
- A criminal background check covering the last seven years that will be initiated by CastleBranch upon account creation and payment
- A drug screening that will be coordinated by CastleBranch upon account creation
- Proof of the following immunizations:
  - Measles (rubeola), mumps, and rubella: two vaccinations or positive titer
  - Varicella (chicken pox): two vaccinations or positive titer
  - Hepatitis B: three vaccinations or positive titer (series in process with two vaccinations complete will be accepted)
  - Tuberculosis (TB): one of the following within the last six months:
    - 1 step TB skin test
    - QuantiFERON-TB Gold blood test
    - T-spot blood test
    - Interferon-Gamma Release Assay (IGRA) blood test
    - Negative chest x-ray with physician documentation stating you are TB free
  - Tetanus, Diphtheria, and Pertussis (Tdap): vaccination within the last ten years
  - Flu: vaccination during the current flu season
  - Meningitis: proof within the past five years if under the age of thirty (additional information about meningitis)
Note: COVID immunizations are not required for entry into this course. However, they may be required for internship affiliation sites.

The TEEX EMS staff monitors student uploads to CastleBranch and will communicate to you when you have been cleared to enroll in the Paramedic program. Once you've been approved to register, you will log into your Student Portal to pay your tuition. The tuition must be paid within 15 business days of paying your application fee to avoid losing your seat in the class.

CERTIFICATION/LICENSE REQUIREMENTS

Texas has both certified and licensed paramedics. Certified paramedics complete technical training (such as our program), while licensed paramedics have general higher education in addition to technical training. In order to become a certified or licensed paramedic by the Texas DSHS, participants must:

- Successfully complete this program to include meeting all minimum requirements of didactic, psychomotor, and affective evaluations
- Complete the National Registry of Emergency Medical Technicians’ (NREMT) application (before the end of the course)
- Pass National Registry of Emergency Medical Technicians’ (NREMT) Paramedic psychomotor testing (completed during the course)
- Pass National Registry of Emergency Medical Technicians’ (NREMT) Paramedic written testing
- Obtain NREMT certification
- Meet the TDSHS paramedic minimum requirements
- Submit TDSHS application and fees
- Complete criminal background check and fingerprinting
- Obtain TDSHS paramedic certification

**REQUIREMENTS FOR SUCCESSFUL COMPLETION**

**Important:** If clarification is needed, participants should contact their lead instructor and/or EMS training director for more information.

**Attendance—Lecture/Lab**

Class attendance is an essential part of the education process, and participants in TEEX courses are expected to attend all class sessions and field exercises. Attendance and participation are components of successful course completion.

An absence is defined as not attending class for any reason. A legally required absence, such as jury duty or service deployment, will be excused; however, the missed time for these items will not increase the maximum number of allowable time absent. Tardiness is defined as not being in class or prepared to begin at the scheduled start time. Early departure is leaving before the instructor dismisses class for the day.

Excessive absence, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. Participants that miss 15 hours of lecture or 10 hours of skills lab will be counseled by the lead instructor and/or training director and placed on an attendance warning. Participants who miss 51 hours of lecture and skills lab will be dismissed.

Attendance is documented on the daily sign-in sheet or with a scanning bar coding system. Participants must sign in or be scanned daily for the morning and afternoon sessions. Participants may request to review past sign-in sheets or scanning logs to ensure attendance requirements are met.

If a participant misses a portion of the course, it is the participant’s responsibility to contact the lead instructor to determine if and/or how missed work can be made up. The lead instructor will evaluate, on a case-by-case basis, whether or not the missed instruction can be made up. In some cases, make-up work will not be available (due to equipment/facility needs) and the hours missed will be deducted from the attended hours. If make-up work is assigned, it will be comparable to the content, time, and delivery of the portion of the class missed.

Participants that miss 24 consecutive hours without communication to the lead instructor and/or training director will be administratively withdrawn.

**Attendance—Clinical Experience**

Requests for clinical/EMS shifts are submitted through a scheduling software. On approved shifts, participants are expected to be there on time and ready to complete their rotation. The clinical sites will communicate attendance with the TEEX clinical coordinator. Participants that do not show up, are tardy, or depart early from clinical rotations will be documented by the clinical coordinator and counseled by the lead instructor. Excessive absences, tardiness, or early departure could result in dismissal from the program.
**Grading**

Successful completion of the **lecture/lab portion** of the Paramedic program includes the following:

- Complete the required online modules by the stated deadline.
- Score a minimum of 70% on all exams, assignments, quizzes, and homework.
- Pass all in-lab skill verifications required for clinical authorization.
- Pass an affective evaluation conducted by instructors and peers.
- Complete all clinical and field experience requirements prior to the final day of the course.

Failure to successfully complete any of these items at the conclusion of the lecture/lab portion will result in academic dismissal prior to clinicals.

Successful completion of the **clinical/field experience** of the Paramedic program includes the following:

- Pass the summative psychomotor scenario conducted / evaluated by the lead instructors and/or staff.
- Complete all documentation properly using Sterling Credentials.
  - [Complete all requirements outlined in the Student Minimum Competencies (SMC)]

To be considered valid, clinical/field experience must be properly documented in accordance with instructions provided during the program. Once all these items are complete, the EMS training program will audit shift documentation. Once audit is complete, the participant will be cleared to start the capstone internship.

Successful completion of the **capstone** internship includes the following items:

- Attend 120 capstone field internship EMS hours with a TEEX-approved capstone EMS provider.
- Act in the role of team lead on at least twenty transports, ten of which must meet ALS criteria.
- Correctly record and document all patient contacts and dispatched calls.
- Complete all requirements outlined in Sterling Credentials.

Once all of these items are complete, the clinical coordinator will audit the documentation. This is the last step in the Paramedic course.
TRANSFER OF CREDIT

Participants may be exempt from any/all of the online course co-requisite modules in the Paramedic program. **Transfer of credit/advanced placement does not apply to the paramedic program lecture/skills lab, clinical & field internships, or capstone. Participants with previous paramedic credit from another institution will be required to take all portions of the TEEX paramedic program.**

The list below includes the co-requisite modules eligible for transfer of credit:

- Anatomy and Physiology  
- Medication Calculations  
- Medical Terminology  
- Pathophysiology

Participants must meet the following requirements to be eligible:

- Completed college level courses from an accredited institution of higher education in anatomy and physiology and/or pathophysiology  
- Course work must have been completed in the last 5 years  
- Participant must have a minimum of a 2.0 in course work

Participants must provide the following transfer of credit documentation for review by the Strategic and Education Services department at the time of program enrollment:

- An official college transcript listing the relevant courses and grade point average  
- A course description of the course(s) completed

The Strategic and Education Services department will review all documentation and will notify the participant if the transfer of credit request is approved and the number of hours awarded towards each specific topic area. Hours cannot exceed the hours allowed for each module and will not exceed 100 hours. There is no additional charge to review transfer of credit documentation, nor is there a reduction in tuition. The co-requisite modules are included in the curriculum package for the course.

**Note:** Participants will not receive additional time to complete the corequisite modules if their transfer of credit request is denied.
CERTIFICATES RECEIVED UPON SUCCESSFUL COMPLETION

Participants that successfully complete the didactic requirements (must pass all skills tests, unit exams, summative exams, and final exams) and clinical components of this program will receive a TEEX course completion certificate and will be eligible to register to take the NREMT cognitive and psychomotor exams. Participants must complete the application process for the NREMT to achieve certification. The testing fee for the NREMT exam, TDSHS application fee, and TDSHS background check/fingerprinting fee are not included in the tuition.

Participants will schedule the written NREMT exam at a convenient location and date once they have successfully completed the program. The NREMT psychomotor exams are administered during the course.

Certification by TDSHS is independent of TEEX. Participants are responsible for completing all state and local certification requirements. Participants will receive information to certify with NREMT and TDSHS.

TEEX RECRUIT FIRE ACADEMY

PROGRAM OVERVIEW

TEEX offers participants two paths to becoming a firefighter. One path is the TEEX Recruit Fire Academy (RFT001), which is a twelve-week (545-hour) face-to-face course. Participants could also enroll in the online/blended delivery of the TEEX Recruit Fire Academy (ORA101), which is a four-month (545-hour) course that includes 345 hours of interactive distance learning and a 200-hour skills camp held at Brayton Fire Training Field. Both course deliveries are taught to the NFPA 1001 Firefighter I and II standard.

Whichever academy you pursue, each one prepares you for success as an entry-level firefighter. Participants receive training designed to prepare them for state licensing through the Texas Commission on Fire Protection (TCFP) and national certification exams through the National Board on Fire Service Professional Qualifications (Pro Board) and the International Fire Service Accreditation Congress (IFSAC).

**TEEX Recruit Fire Academy (RFT001) face-to-face delivery**

Classes run Monday through Friday for ten hours each day which includes Physical Training (PT), academic classroom lectures, and hands-on skills. There are times when the class schedules vary, which may include nighttime and evening training events. A class schedule is provided at the start of the academy; any changes to the schedule will be communicated by the class instructor.

The maximum number of participants in this academy is fifty. TEEX maintains a ratio of one instructor per fifty participants in the classroom and one instructor to five participants for live-fire exercises.

**TEEX Recruit Fire Academy (ORA101) online/blended delivery**

Participants complete the online component over a period of twelve weeks according to a lesson plan with lecture and activities due weekly. The face-to-face skills camp is at Brayton Fire Training Field in College Station, Texas, and runs Monday through Friday for ten hours each day. A class schedule will be provided upon registration; any changes to the schedule will be communicated by the class instructor.

The maximum number of participants in this academy is fifty. TEEX maintains a ratio of one instructor per fifty participants in the online component and one instructor to five participants for live-fire exercises during the skills camp portion.
The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for any updates. All classes are held at the TEEX Brayton Fire Training Field campus.

**COURSE COST**

Tuition: $5,400

Non-refundable application fee: $75

**REQUIRED SUPPLIES**

Participants must provide the following items:

- Notebook paper (8½” × 11”)
- Pen, highlighters
- Textbook and curriculum materials:
  - TCFP Certification Curriculum Manual, Chapter One: Basic Fire Suppression (download a copy)
  - TCFP Certification Curriculum Manual, Chapter Six: Hazardous Materials (download a copy)
  - TCFP Certification Curriculum Skills Manual, Chapter One: Basic Fire Suppression (download a copy)
  - TCFP Certification Curriculum Skills Manual, Chapter Six: Hazardous Materials (download a copy)
• Uniform essentials (purchased through Barker Productions).
  • The complete listing of all uniform requirements can be found in the Recruit Fire Reporting Instructions.
• Bunker gear (Turnout Rental, 911 Safety Equipment, or Gear Cleaning Solutions):
  • Coat
  • Pants
  • Boots
  • Hood
  • Helmet
  • Gloves
  • 7-mm Prusik cord, 10 ft. in length (provided with gear rentals noted above)
  • Clear safety glasses and ear plugs (provided with gear rentals noted above)
  • Black shoe polish
  • Bag for change of clothes
  • Athletic shoes and socks
  • Backpack for books (black or navy)
  • Reusable water bottle

Additional computer requirements for the TEEX Recruit Fire Academy online/blended portion of the program include:
• Recommended screen resolution: 1280 × 1024
• Minimum screen resolution: 1024 × 768
• Broadband or high-speed internet
• Latest version of Chrome, Firefox, or Safari web browsers
• Latest version of Adobe Reader

OPTIONAL MATERIALS

ENROLLMENT REQUIREMENTS AND PROCESS

Applicants for the TEEX Recruit Fire Academy must meet the following requirements:

• Be a high school graduate or have passed a GED test
• Be at least 18 years of age

Physical fitness is of paramount importance in the fire service. Firefighters are frequently required to perform at emergencies under extremely high levels of physical effort and stressful conditions. Between these episodes of extreme effort are periods of relatively light work. Maintaining physical strength, agility, and endurance will enable the individual to perform at maximum capacity, whereas the lack of physical fitness may mean personal injury in many cases. Physical fitness
is a condition of beginning employment with most fire departments worldwide, and the purpose of this program is not only to prepare you for the physical requirements for hiring but to teach you techniques for lifelong fitness.

All participants of the academy are required to participate in the daily Physical Training (PT) program as demonstrated by the instructor that includes performing:

- muscular strength exercises;
- cardiovascular exercises;
- flexibility exercises; and
- agility exercises.

To apply for this course, applicants must provide the following documents at the time of registration:

- A completed Recruit Fire Academy Participant Enrollment Agreement (ORA101 online/blended delivery) or Recruit Fire Academy Participant Enrollment Agreement (RFT001 face-to-face delivery)
- A color copy of a driver’s license or a form of government- or state-issued identification
- A copy of a high school diploma or GED completion: Applicants that are still in high school at the time of enrollment are required to provide a letter from the school stating eligibility for graduation and date. Official college transcripts are also accepted as proof of high school completion.
- Proof of meningitis vaccination: Participants under the age of twenty-two must meet the requirements of vaccination within the last five years and a minimum of ten days prior to the first day of the traditional academy or skills camp. Please refer to the TEEX website for more information about meningitis requirements and exemptions.
- A completed medical evaluation form: Participants must be able to meet the physical fitness requirements stated above. This must be submitted before the first day of class.
- A FIDO account is required by the Texas Commission on Fire Protection (TCFP) for this course. Please go to https://auth.tcfp.texas.gov/account/login to create your account. Email sherri.byram@teex.tamu.edu the PIN number once your account is created.

See the Application Process section of this document for more details. Failure to provide documentation will prevent enrollment.

International applicants must meet the following additional requirements:

- Pass an English proficiency test. This is coordinated with the TEEX International Student Services Coordinator because there are exceptions to this test. Participants can contact the TEEX International Student Services Coordinator at internationalstudents@teex.tamu.edu.

International participants will also require additional documentation. Before applying for the program, international participants should contact the TEEX International Student Services Office at internationalstudents@teex.tamu.edu. To get started, participants must provide:

- Color copy of driver’s license
- Color passport style photo (2-in. × 2-in.) taken within the last six months
- Color copy of passport
LICENSING REQUIREMENTS

Participants can seek employment as an entry-level firefighter in either a volunteer or paid position. If participants would like to obtain a volunteer position, which is very common, the state of Texas does not require certification. In order to become a TCFP-certified firefighter in the state of Texas, the following requirements must be met:

- Meet the minimum requirements established by TCFP
- Successfully complete the firefighter academy.
- Complete one of the following:
  - Pass all Pro Board exams (NFPA 1072 HazMat Awareness, NFPA 1072 HazMat Operations, NFPA 1072 Personal Protective Equipment [PPE], NFPA 1072 Product Control, NFPA 1001 Firefighter I, and NFPA 1001 Firefighter II) and apply for TCFP certification.
  - Complete medical training equal to Emergency Medical Responder (EMR), Emergency Medical Technician (EMT), or paramedic certification as approved by TCFP. For a full list, contact TCFP.
- Complete a fingerprint-based background check.

Note: Participants from outside of Texas will need to locate and review the applicable licensing or certification requirements within their own jurisdiction.

REQUIREMENTS FOR SUCCESSFUL COMPLETION

Attendance—TEEX Recruit Fire Academy (ORA101-Online Component)

During the online component, participants are required to contribute to discussions, submit assignments, and take exams. The academy is structured with weekly lectures and assignments. Attendance will be tracked by the instructor based on submission of assignments and participation in the online component of the course.

Participants that stop communicating with the instructor, stop submitting weekly assignments, or have records on the learning management system indicating they have not logged into the course for two weeks will be administratively withdrawn.

Attendance—TEEX Recruit Fire Academy (RFT001) and Skills Camp Portion of TEEX Recruit Fire Academy (ORA101)

Class attendance is an essential part of the education process, and participants in TEEX courses are expected to attend all class sessions and field exercises. Attendance and participation are components of successful course completion.

An absence is defined as not attending class for any reason. Tardiness is defined as not being in class or prepared to begin at the scheduled start time. Early departure is leaving before the instructor dismisses class for the day. Excused absences include bereavement leave, injury, illness with doctor release, court summons, entrance exams for fire service employment, or military obligations. All absences, excused or unexcused, will count as absences in the calculation of attendance and will not increase the maximum number of allowable absences.

Excessive absences, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. Therefore, participants who miss 24 hours or more of the traditional TEEX recruit academy or 20 hours or more of the skills camp portion of the Online/Blended TEEX Recruit Fire Academy will be subject to disciplinary action up to and including dismissal from the academy. Participants will be counseled by the academy staff on excessive absences. Absences will be charged in 1-hour increments. If a participant is tardy, he/she will be allowed to attend class, but will be charged a minimum of 1 hour and continue in 1-hour increments of absence until arriving at class. Participants that leave early will be charged per hour of absence.

Attendance is documented on the daily sign-in sheet or with a scanning bar coding system. Participants must sign in or be scanned daily for the morning and afternoon sessions. Participants may request to review past sign-in sheets or scanning logs to ensure attendance requirements are met.

If a participant misses a portion of the course, it is the participant's responsibility to contact the academy staff no later than 6:00 a.m. on the date he/she will not be present to determine if and/or how missed work can be made up. The instructor will evaluate, on a case-by-case basis, whether or not the missed instruction can be made up. In some cases, make-up work will not be available (due to equipment/facility needs) and the hours missed will be deducted from the attended hours. If make-up work is assigned, it will be comparable to the content, time, and delivery of the portion of the class missed.

Participants that miss four days or 32 hours of the Traditional TEEX Recruit Fire Academy or 20 hours of the Online/Blended TEEX Recruit Fire Academy skills camp without communication to the academy staff will be administratively withdrawn.
Grading—TEEX Recruit Fire Academy (ORA101 and RFT001)

The participant must meet the following requirements to pass the course:

- Achieve a final overall average score of 70 percent on all required weekly exams.
- Achieve a 70 percent on the comprehensive final exam.
- Successfully complete all skills mandated by TCFP.

Participants will have two chances to successfully complete the comprehensive final exam. Failure to pass the comprehensive final exam will result in academic dismissal. Participants that do not successfully complete the academy may request a letter stating the number of hours of training completed.

**Note:** Participants are not allowed to use their book(s) during any course examinations.

CERTIFICATES RECEIVED UPON SUCCESSFUL COMPLETION

Participants that successfully complete this course will receive a TEEX certificate of completion. Throughout the course, participants will also have the opportunity to receive the following outside (non-TEEX) certificates as part of the course tuition:

- National Fallen Firefighters Foundation: Courage to be Safe - Everyone Goes Home
- Federal Emergency Management Agency (FEMA) IS-100.C: Introduction to the Incident Command System, ICS 100
- FEMA IS-200.C: Basic Incident Command System for Initial Response
- FEMA IS-700.B: An Introduction to the National Incident Management System
- National Highway Institute Safe Practices for Traffic Incident Responders

In addition to these certificates and also included in the course tuition, participants will have the opportunity to take the Pro Board written exam and skill evaluations for the following levels:

- NFPA 1001 Firefighter I
- NFPA 1001 Firefighter II
- NFPA 1072 HazMat Awareness
- NFPA 1072 HazMat Operations
- NFPA 1072 Product Control
- NFPA 1072 PPE
The NFPA 1001 Firefighter I and II Pro Board exams are offered on-site during the academy and skills camp to participants that have successfully completed the academy; the NFPA 1072 HazMat exams are offered at the conclusion of the HazMat module during the course or skills camp. The material learned during the course will help prepare participants for these national certification exams.

Participants will also have the opportunity to take the TCFP/IFSAC exams, which are administered on-site at the conclusion of the academy and skills camp. The cost of this exam is not included in the tuition. The TCFP exam costs $55 and after successful completion of the exam each IFSAC seal may be purchased from TCFP for $30 each. Certification by TCFP is independent of TEEX.

- TCFP Basic Fire Suppression
- IFSAC NFPA 1001 Firefighter I
- IFSAC NFPA 1001 Firefighter II
- IFSAC NFPA 1072 HazMat Awareness
- IFSAC NFPA 1072 HazMat Operations

LINEWORKER ACADEMY

PROGRAM OVERVIEW

The fifteen-week (480 hour) Lineworker Academy (EPP700) provides individuals a comprehensive training experience utilizing the best work methods, equipment, tools, and standards. Participants receive classroom and hands-on field training to be qualified in equipment operation and pole climbing.

This course is designed for individuals seeking employment in the electric utility industry. Classes run from 8:00 a.m.–5:00 p.m. Monday through Thursday. A class schedule is provided at the beginning of the academy; any changes to the schedule will be communicated by the class instructor.

The maximum number of participants in the academy is 25. TEEX maintains a ratio of 1 instructor per 25 participants in the classroom and 2 instructors to 25 participants for field exercises.

COURSE CALENDAR

The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for any updates. All classes are held at the TEEX buildings on the RELLIS Campus.

</tr>
</tbody>
</table>

COURSE COST

Tuition: $15,000

Non-refundable application fee: $75

Tuition includes textbook, four long-sleeved shirts, a graduation shirt, a hard hat, and a baseball cap. A set of climbing equipment and hand tools are issued to each participant and returned at the conclusion of the class.
REQUIRED SUPPLIES

Participants must provide the following items:

• Spiral notebook (8½" × 11") with perforated edges for easy tear out
• Blue ink pens, red ink pens, highlighters, and #2 pencils
• Climbing boots
• Backpack or bag to carry supplies
• Scientific calculator
• Laptop computer or access to a computer during the course

Participants may bring their own personal climbing equipment and hand tools, but it must be approved by TEEX staff. TEEX will issue equipment to participants that do not have personal climbing equipment and hand tools to be used during the course.

ENROLLMENT REQUIREMENTS AND PROCESS

Applicants for the Lineworker Academy must meet the following requirements:

• Be a high school graduate or have passed a GED test
• Be at least eighteen years of age
• Possess and maintain a valid driver’s license (Commercial Learner’s Permit [CLP] or Class B Commercial Driver’s License [CDL] is suggested but not required)

Applicants must meet the following physical requirements:

• Able to climb a wooden pole
• Lift 80 pounds of weight
• Work in an elevated bucket with a weight limit of 300 pounds

To apply for this course, applicants must provide the following documents at the time of registration:

• Lineworker Academy Registration Packet
  • Lineworker Academy Participant Enrollment Agreement
  • Supply Checklist
• A copy of a valid driver’s license (CLP or Class B CDL is preferred, but not required)
• A high school diploma or GED completion
• Proof of meningitis immunization: proof within the past five years if under the age of thirty (additional information about meningitis)

See the Application Process section of this document for more details. Failure to provide documentation will prevent enrollment.
LICENSING REQUIREMENTS

This course prepares participants to further their training to become a journeyman lineworker. Once participants complete this academy, they can seek employment with a company that will either continue training as an apprentice or send them to a training entity, such as TEEX, to further training. It typically takes about four years to become a journeyman lineworker.

Note: Many companies require a criminal background check and/or a copy of your driving record prior to offering a position. Felonies or other charges on your criminal record and/or a bad driving record could result in companies denying employment.

A CDL may also be a requirement for employment at many companies. Participants of this course will have the opportunity to pursue a Texas CDL. To obtain this license, participants must apply through the Texas Department of Public Safety and meet the following requirements:

- Complete a CDL application.
- Meet the general requirements for eligibility (page iii of the Texas Commercial Motor Vehicle Drivers Handbook).
- Complete a written test at a participating Department of Motor Vehicles office.
- Complete course(s) on Entry-Level Driver Training (ELDT) theory, range and road at TEEX or another entity.
- Successfully complete the range and road skills testing.
- Finalize process to receive CDL at a participating Department of Motor Vehicles office.

**REQUIREMENTS FOR SUCCESSFUL COMPLETION**

**Attendance**

Class attendance is an essential part of the education process, and participants in TEEX courses are expected to attend all class sessions and field exercises. Attendance and participation are components of successful course completion.

An absence is defined as not attending class for any reason. No distinction is made between excused or unexcused absences. Tardiness is defined as not being in class or prepared to begin at the scheduled start time. Early departure is leaving before the instructor dismisses class for the day.

Excessive absences, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. Therefore, participants who miss 5 percent (24 hours) or more of the Lineworker Academy may be dismissed. Participants will be counseled by the class instructor and/or training coordinator on excessive absences.

Attendance is documented on the daily sign-in sheet. Participants must sign in daily for the morning and afternoon sessions. Participants may request to review past sign-in sheets to ensure attendance requirements are met.

If a participant misses a portion of the course, it is the participant's responsibility to contact the instructor to determine if and/or how missed work can be made up. The instructor will evaluate, on a case-by-case basis, whether or not the missed instruction can be made up. In some cases, make-up work will not be available (due to equipment/facility needs) and the hours missed will be deducted from the attended hours. If make-up work is assigned, it will be comparable to the content, time, and delivery of the portion of the class missed.

Participants that miss three consecutive days without communication to the instructor and/or training manager will be administratively withdrawn.

**Grading**

Participants must have a 70 percent overall average to complete the program based on the following formula:

- **Written exams** are taken during each unit of the course. Participants must score at least 70 percent on each module or unit exam. Written exams account for 33.3 percent of the overall course grade.
- **Conduct** is evaluated by the instructor during each unit by a standardized rubric. Participants must score at least 70 percent for each unit. Conduct evaluation accounts for 33.3 percent of the overall course grade.
- **Practical evaluation** is conducted through each module. Participants must be able to demonstrate satisfactory competence in each skill set before moving on to the next skill. Participants unable to demonstrate satisfactory competence could be dismissed from the program. Practical evaluation accounts for 33.4 percent of the overall course grade.
CERTIFICATES RECEIVED UPON SUCCESSFUL COMPLETION

Participants that successfully complete this course will receive the following certificates:

- TEEX certificate of completion
- Medic First Aid - Basic First Aid and Cardiopulmonary Resuscitation (CPR) certification
- Occupational Safety and Health Administration (OSHA) 10-Hour Electrical Transmission and Distribution (ET&D) Construction Card
- Eligibility to apply for a CDL*
- TEEX 4-hour flagger certification card
- TEEX Bucket/Digger equipment operator qualification
- TEEX Wood pole climbing qualification

*During the academy, participants may receive credit for the Entry-Level Driver Training (ELDT) theory required by the Federal Motor Carrier Safety Administration (FMCSA) to obtain a CDL. Participants should verify whether credit will be given for ELDT theory with the class instructor and/or training manager. Either way, participants will still need to complete a range and road course through TEEX or another entity in order to apply for a CDL. Fees associated with application for a CDL are not included in the tuition. Licensing for a CDL through the Texas Department of Public Safety is independent of TEEX.

TOWER TECHNICIAN LEVEL ONE

PROGRAM OVERVIEW

The eleven-day (88-hour) Tower Technician Level One (CEL100) course provides participants with comprehensive cutting-edge technical training in aspects of cell tower climbing, including tool and equipment inspection, site access, hazard identification, ascending and descending structures, and rescue. Participants that attend this course receive traditional classroom training, as well as multiple field exercises and other hands-on training scenarios. Registered participants will be challenged physically during this intensive technical training program and should be prepared for climbing exercises while carrying specialized tools used to perform tower prop installation tasks.

Classes generally run from 8:00 a.m.–5:00 p.m. for eleven days. A schedule will be provided at the start of the course; any changes to the schedule will be communicated by the class instructor.

The maximum number of participants in the course is 16. TEEX maintains a ratio of 1 instructor per 16 participants in the classroom and 1 instructor to 16 participants for field exercises. Additional instructors are utilized for 180-foot tower climb field exercises.

COURSE CALENDAR

The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for any updates. All classes are held at the Texas A&M RELLIS Campus.

</table>
COURSE COST

Tuition: $6,500

Non-refundable application fee: $75

Note: Tuition includes the textbook. A set of climbing equipment and Personal Protective Equipment (PPE) are issued to each participant and returned at the end of the class.

REQUIRED SUPPLIES

Participants must provide the following items:

- Notebook paper (8½” × 11“)
- Blue ink pens, red ink pens, highlighters, and #2 pencils
- Boots or climbing shoes

ENROLLMENT REQUIREMENTS

Applicants must meet the following requirements:

- Be a high school graduate or have passed a GED test
- Be at least eighteen years of age

Applicants must meet the following physical requirements:

- Safely operate machinery and conduct field exercises at a height of over 80 ft. while carrying approximately 70 lb. of tools and equipment.

To apply for this course, applicants must provide the following documents at the time of registration:

- Tower Technician Participant Enrollment Agreement
- A copy of a valid driver’s license
- A high school diploma or GED completion

See the Application Process section of this document for more details. Failure to provide documentation will prevent enrollment.

 LICENSING REQUIREMENTS

This course prepares participants to become a tower technician level one. Once participants complete this course, they can seek employment with a company that will either continue their training in-house or send them to a training entity, such as TEEX, to further their training.

Note: Many companies require a criminal background check prior to offering a position. Felonies or other charges on your criminal record could result in companies denying employment.

## REQUIREMENTS FOR SUCCESSFUL COMPLETION

**Attendance**

Class attendance is an essential part of the education process, and participants in TEEX courses are expected to attend all class sessions and field exercises. Attendance and participation are components of successful course completion.

An absence is defined as not attending class for any reason. No distinction is made between excused or unexcused absences. Tardiness is defined as not being in class or prepared to begin at the scheduled start time. Early departure is leaving before the instructor dismisses class for the day.

Excessive absences, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. Therefore, participants who miss 9 percent (8 hours) or more of the Tower Technician Level One course may be dismissed. Participants will be counseled by the class instructor and/or training coordinator on excessive absences.

Attendance is documented on the daily sign-in sheet. Participants must sign in daily for the morning and afternoon sessions. Participants may request to review past sign-in sheets to ensure attendance requirements are met.
If a participant misses a portion of the course, it is the participant’s responsibility to contact the instructor to determine if and/or how missed work can be made up. The instructor will evaluate, on a case-by-case basis, whether or not the missed instruction can be made up. In some cases, make-up work will not be available (due to equipment/facility needs) and the hours missed will be deducted from the attended hours. If make-up work is assigned, it will be comparable to the content, time, and delivery of the portion of the class missed.

Participants that miss two consecutive days without communication to the instructor and/or training manager will be administratively withdrawn.

**Grading**

Participants must have a 70 percent overall average to complete the program based on the following formula:

- Written exams are taken during each unit of the course. Participants must score at least 70 percent on each module or unit exam. Written exams account for 33.3 percent of the overall course grade.
- Conduct is evaluated by the instructor during each unit by a standardized rubric. Participants must score at least 70 percent for each unit. Conduct evaluation accounts for 33.3 percent of the overall course grade.
- Practical evaluation is conducted through each module. Participants must be able to demonstrate satisfactory competence in each skill set before moving on to the next skill. Participants unable to demonstrate satisfactory competence could be dismissed from the program. Practical evaluation accounts for 33.4 percent of the overall course grade.

**CERTIFICATES RECEIVED UPON SUCCESSFUL COMPLETION**

Participants that successfully complete this course will receive the following certificates:

- TEEX certificate of completion
- SafetyLMS certification
- OSHA 10-hour construction card
- Medic First Aid - Basic First Aid and Cardiopulmonary Resuscitation (CPR) certification

CENTRAL TEXAS POLICE ACADEMY (CTPA)

PROGRAM OVERVIEW

The twenty-week (830-hour) Central Texas Police Academy (TPA100) delivers the Texas Commission on Law Enforcement (TCOLE)-approved basic peace officer course leading to Texas peace officer licensing. Participants receive classroom training designed to prepare each participant for the state licensing examination and engage in hands-on training to better acquaint them to the rigors of police work.

This course is designed for individuals seeking employment as a Texas peace officer. Classes generally run from 7:30 a.m.–5:00 p.m. Monday through Friday, but there are times when the class schedules vary including some nighttime training events. A class schedule is provided at the start of the academy; any changes to the schedule will be communicated by the class instructor.

The maximum number of participants in the academy is 36. TEEX maintains a ratio of one instructor per 36 participants in the classroom and one instructor to five participants for field exercises.

COURSE CALENDAR

The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for updates. All classes are held at the Texas A&M RELLIS Campus.

**COURSE COST**

**Tuition:**
- Participants hired/employed by agency/department: $2,500
- (Note: If sponsoring department is unable to provide a vehicle for the driving portion, participants will be required to pay an additional $613 vehicle usage fee.)
- Participants not employed by an agency/department: $5,800 (includes $613 vehicle usage fee)

Non-refundable application fee: $75

*Note:* Tuition includes the TCOLE testing fee for the first attempt, a cadet uniform (i.e., four Physical Training [PT] shirts, four PT shorts, one name tag, and one hat), all textbooks, and ammunition.

**REQUIRED SUPPLIES**

Participants must provide the following items:

- Notebook paper (8½” × 11”)
- Notebook dividers (minimum 42)
- Blue or black ink pens, red ink pens, highlighters, and #2 pencils
- Handgun and secure holster (duty-style holster)
- Minimum of two speed loaders or three magazines
- Handcuffs and key (Smith & Wesson, Peerless, Hiatts, etc.) and handcuff case
- Speed loader pouch or double magazine pouch
- Straight flashlight and flashlight holder
- 14 or 16 ounce, fully enclosed boxing gloves
- CTPA-approved uniform (Minimum of 3 polos, 3 pairs of pants, and boots)
  - 5.11 Tactical Men’s Snag-Free Performance Short Sleeve Polo #71049 (Dark Navy)
  - 5.11 Tactical Women’s Snag-Free Performance Polo #61165 (Dark Navy)
  - 5.11 Tactical Men’s Taclite Pro Pants #74273 (TDU Khaki)
  - 5.11 Tactical Taclite Pro Women’s Ripstop Pants #64360 (TDU Khaki)
  - Black Duty Boots, capable of being polished
  - Black duty belt with a minimum of 4 belt keepers (recommended: 5.11 Tactical Sierra Bravo Duty Belt Kit #59505)
- Athletic gear consisting of athletic shoes, towel and toiletries (e.g., shower shoes)
The following items are recommended:

- Gear bag
- Small dictionary
- Law dictionary
- Solid navy-colored sweatpants and sweatshirt
- Solid black beanie
- Pocket notebook

**ENROLLMENT REQUIREMENTS AND PROCESS**

Applicants for the CTPA must meet the following requirements:

- Be a high school graduate, or have passed a GED test indicating high school graduation level or have an honorable discharge from the armed forces of the United States after at least 24 months of active duty service
- Be at least twenty-one years of age or become twenty-one years of age before course completion; or be eighteen years of age and have received an associate's degree or 60 semester hours of credit from an accredited college or university
- Either be hired by a Texas law enforcement agency or complete a background check prescribed by TCOLE
- Possess a valid Texas driver's license
- Not have been terminated from a Basic Peace Officer Course (BPOC) for any reason other than academic failure
  
  **Note:** In the event of academic failure from another provider's BPOC, the applicant must wait a minimum of one year before being eligible for admission to the Central Texas Police Academy.
- Be a citizen of the United States

Applicants must meet the following physical requirements:

- Vision sufficient to perform functions such as apprehend suspects; obtain information at disturbances, service, and accident calls; and read and review written communications
- Hearing and speech sufficient to communicate clearly and distinctly face-to-face as well as over the radio in normal and adverse conditions
- Arm and hand steadiness and manual dexterity sufficient to use weapons necessary to prevent injury or to protect self and others
- Stamina and tolerance sufficient to remain physically and mentally alert for short bursts of extremely intense physical and/or mental activity separated by extended periods of physical and/or mental inactivity

To apply for this course, applicants must provide the following documents at the time of registration:

- **All applicants** must provide the following forms:
  - Bacterial meningitis immunization record ([additional information about meningitis](#))
  - TEEX Basic Peace Officer registration form
• **TCOLE PID Assignment (C-1)** (not required if applicant already has a PID)
• **TEEX Participant Acknowledgement**

• Applicants **employed** by a Texas law enforcement agency must also provide the following forms:
  • **TCOLE Declaration of Licensing Course Enrollment Eligibility Form**
  • **TCOLE Law Enforcement Agency Audit Checklist**

• Independent applicant (**not employed** by Texas law enforcement agency) must provide the following forms:
  • **TEEX Declaration of Eligibility**
  • **TCOLE Licensee Medical Condition Declaration (L-2)**
    
    **Note:** Contact Integrity Urgent Care 3201 University Dr. E #135, Bryan, TX 77802 to schedule your appointment (phone number: 979-703-1832).
  
  • **TCOLE Licensee Psychological and Emotional Health Declaration (L-3)**
    
    **Note:** Contact Dr. Roy Luepnitz, Ph.D, Licensed Psychologist (phone number: 979-260-6700; email: drroy63@yahoo.com)
  
  • **TCOLE Fast Form Background Check**
  • **TEEX Personal History Statement**
  • **Copy of Texas Department of Public Safety Driver Record (Type AR)**

All forms must be dropped off at TEEX ILEPSE, 1500 4th Street, Texas A&M-RELLIS Building 7751, Bryan, Texas 77807 by the application deadline. Once approved, academy staff will reach out to applicants to complete the registration process through Blinn College.

See the Application Process section of this document for more details. Failure to provide documentation will prevent enrollment.

---

**LICENSING REQUIREMENTS**

In order to become a licensed peace officer in the state of Texas, the following requirements must be met:

• Meet all of the **TCOLE minimum standards for enrollment and initial licensure**
• Successfully complete this course
• Pass the state licensing examination
• Be appointed by a law enforcement agency

**Requirements for Successful Completion**

*Attendance*

Class attendance is an essential part of the education process, and participants in TEEX courses are expected to attend all class sessions and field exercises. Attendance and participation are components of successful course completion.

An absence is defined as not attending class for any reason. No distinction is made between excused or unexcused absences. All absences will count in the calculation of attendance and will not increase the maximum number of allowable absences.

Tardiness is defined as not being in class or prepared to begin at the scheduled start time. Early departure is leaving before the instructor dismisses class for the day. Excessive absence, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. The time missed due to tardiness or early departure will count toward total percentage of time missed in the class.

Therefore, participants who miss 40 hours (i.e., approximately 5 percent of the course hours) or more of the course may be dismissed. Participants will be counseled by the class instructor and/or training manager for excessive absences and could be placed on probation should the absences continue. Participants cannot miss more than 10 percent of any module that requires a passing exam score of 80 percent. This includes firearms, driving, defensive tactics, SFST, Cardiopulmonary Resuscitation (CPR), and CIT. Participants cannot miss more than 10 percent of the legislative mandated content, such as Asset Forfeiture, Identity Crimes, and Racial Profiling.

Attendance is monitored and documented on the daily sign-in sheet. Participants must sign in daily for the morning and afternoon sessions. Participants may request to review past sign-in sheets to ensure attendance requirements are met.
If a participant misses a portion of the course, it is the participant’s responsibility to contact the instructor to determine if and/or how missed work can be made up. The instructor will evaluate, on a case-by-case basis, whether or not the missed instruction can be made up. In some cases, make-up work will not be available (due to equipment/facility needs) and the hours missed will be deducted from the attended hours. If make-up work is assigned, it will be comparable to the content, time, and delivery of the portion of the class missed.

Participants that do not attend the mandatory orientation or miss five consecutive days without communication to the instructor and/or training manager will be administratively withdrawn.

**Grading**

Participants must score a minimum of 80 percent to pass examinations in all areas of training (i.e., academic, technical skills, and physical training).

In order to graduate from the program and qualify for TCOLE examinations, participants must successfully complete:

- All major examinations with a minimum score of 80 percent*
- The final examination with a minimum score of 80 percent*
- All academic and firearms qualifications with a minimum of 80 percent
- All academic and skills portions of the driver training course with a minimum score of 80 percent
- All academic and skills portions of the defensive tactics training requirements with a minimum score of 80 percent
- The CPR/First Aid course training requirements and obtain certification
- CIT (40 hours) with a minimum score of 80 percent

Participants who fail a required examination will be given a retest opportunity within five business days of the initial exam. Participants who pass the retest will receive an 80 percent for that exam, regardless of their actual score. Participants that fail the retest will be dismissed from the academy.

*Participants will only be allowed to retest one of the major/final examinations. Participants who fail two or more major/final examinations will be dismissed from the academy.

Participants must have an overall average of 80 percent to successfully complete the course. Weighted final averages are based on:

- Topic and skills test 20 percent
- Quarterly exams 30 percent
- Final exam 50 percent
CERTIFICATES RECEIVED UPON SUCCESSFUL COMPLETION

Participants that successfully complete this course will receive a TEEX course completion certificate and be eligible to sit for the TCOLE licensing exam. The material learned during the course will help prepare participants for the TCOLE exam; in addition, participants are provided opportunities for study sessions with the instructional staff prior to the exam. The initial testing fee for the TCOLE exam is included in the tuition and is offered on-site at the conclusion of the course; the date will be in the course schedule. If the participant does not pass the initial test, the participant will be responsible for scheduling their retest and paying any fees. Certification by TCOLE is independent of TEEX.

UNEXPLODED ORDNANCE (UXO) TECHNICIAN LEVEL 1

PROGRAM OVERVIEW

UXO Technician Level 1 (UXO200) is a four-week (200-hour) course that combines the knowledge and hands-on experiential training necessary to meet and exceed the requirements established by the Department of Defense Explosives Safety Board (DDESB) Technical Paper 18, the minimum qualifications for UXO technicians and personnel to be a UXO technician level I. This training also satisfies the requirements necessary to work on U.S. Army Corps of Engineers (USACE) UXO remediation job sites.

Participants that attend this course are encouraged to complete the TEEX Hazardous Waste Operations and Emergency Response (HAZWOPER) (EOT225) online course if they do not already have HAZWOPER or Hazardous Materials (HazMat) technician training. HAZWOPER is required by the DDESB Technical Paper 18 to fully meet the minimum qualifications for UXO technicians and personnel.

This course is designed for individuals seeking employment in environmental remediation. Classes run from 7:30 a.m.–5:30 p.m. Monday through Friday. A class schedule is provided at the start of the course.

The maximum number of participants in the course is 24. TEEX maintains a ratio of 1 instructor per 24 participants in the classroom and 1 instructor to 3 participants for field exercises.

COURSE CALENDAR

The following is the class schedule at the time of the creation of this document. This schedule is subject to change. Please review the class schedule on the TEEX website for any updates. All classes are held at the Texas A&M RELLIS Campus.

COURSE COST

Tuition: $6,850
Non-refundable application fee: $75

Note: Tuition includes five UXO shirts, a field hat, a UXO flipbook, and a thumb drive with the UXO participant manual.

REQUIRED SUPPLIES

Participants must provide the following items:

- Long tactical/cargo pants or jeans
- High quarter boots that provide ankle protection (Demolition range and UXO grid)
- Closed-toe/Closed-heel shoes (classroom)

The following items are recommended:

- Extra boots
- Seasonal cold weather gear
- Rain gear
- Knee pads
- Work gloves
- American National Standards Institute (ANSI) or Z87 safety glasses

ENROLLMENT REQUIREMENTS AND PROCESS

Applicants for the UXO course must meet the following requirements:

- Be a high school graduate or have passed a GED test
- Be at least eighteen years of age
- Pass a criminal background check; the following items will prevent enrollment in this course (Note: This list is an example and does not include all items that will prevent enrollment):
  - Prior convictions of any violent crime
  - Felony convictions
  - Currently under indictment for any criminal offense
  - Prohibited by state or federal law from possessing or working with explosives
- Pass a drug screening

Applicants must meet the following physical requirements:

- Able to lift a minimum of 40 lb. without assistance
- Capable of working safely in stressful situations and extreme weather conditions
• Have vision sufficient to perform functions such as visual identification of ordnance features, electric demolition set up, and non-electric demolition set up.
• Have hearing and speech sufficient to communicate clearly and distinctly face-to-face as well as over the radio in normal and adverse conditions
• Have arm and hand steadiness and manual dexterity sufficient to use hand tools in demolition procedures set up
• Have stamina and tolerance sufficient to remain physically and mentally alert for extended periods of physical and/or mental inactivity

To apply for this course, applicants must provide the following documents at the time of registration:

• Signed UXO Participant Enrollment Agreement
• A copy of a driver’s license or a form of government- or state-issued identification
• A high school diploma or GED completion
• Completed and notarized UXO Applicant Letter for Admission

See the Application Process section of this document for more details. Failure to provide documentation will prevent enrollment.

Within 30 days of the start of the class, the following must be submitted:

• Submit signed medical statement and report from a physician for a complete physical, standard head-to-toe examination that includes a respirator (lung capacity) check.
• Provide results of a five-panel drug screen that must include phencyclidine, cocaine, amphetamines, cannabis, and opiates.
• Completed criminal history background check.

Note: Failure to submit these documents prior to the start of class may result in cancellation of enrollment.

**LICENSING REQUIREMENTS**

This course prepares participants to become an Unexploded Ordnance Technician Level I. Once participants complete this course and a HAZWOPER course, such as EOT225 offered through TEEX, they can seek employment with a company. Many companies hire UXO Technicians on a contractual basis. These contracts can vary in duration.

**Total:** 100 100
REQUIREMENTS FOR SUCCESSFUL COMPLETION

**Attendance**
Participants are expected to attend and participate in all training sessions and are required to sign a daily class roster in the morning and afternoon of each class day. The sign-in sheet is used to document attendance throughout the course; participants can request to see the sign-in sheet to ensure attendance requirements are being met.

An absence is defined as not attending class for any reason. No distinction is made between excused or unexcused absences. Tardiness is defined as not being in class and prepared to begin at the scheduled starting time. An early departure is defined as leaving before the instructor releases the class. The time missed due to tardiness or early departure will count toward total percentage of time missed in the class.

Excessive absences, early departure, or tardiness may place participants at risk of academic failure and place a significant burden on the rest of the class. Therefore, participants who miss 5 percent (i.e., 10 hours) or more may be dismissed from the course. Participants at risk of dismissal from the course due to excessive absence are counseled by the instructor and/or training manager.

It is the responsibility of the participant to contact the assigned lead instructor to receive make-up work assignment(s) if available for the portion of training missed as a result of an absence, tardiness, or early departure. The make-up work assigned will be comparable to the content, time, and delivery of the portion of the class missed. The instructor will inform the participants if there are any portions of the course that cannot be made up.

Participants that miss two consecutive days without communication to a staff member of the UXO program will be administratively withdrawn.

**Grading**
This course consists of five evaluations. Each evaluation must be passed to continue taking the course; failure to pass an evaluation will result in academic dismissal:

- Test 1: Written exam must be passed with an 80 percent.
- Test 2: Written exam must be passed with an 80 percent.
- Test 3: Practical exam must be passed with an 85 percent.
- Test 4: Practical exam must be passed with an 85 percent.
- Test 5: Written exam must be passed with an 80 percent.
CERTIFICATES RECEIVED UPON SUCCESSFUL COMPLETION

Participants that successfully complete this course will receive a TEEX course completion certificate.

ADDITIONAL INFORMATION

REFERENCE DOCUMENTS

This Vocational Course Catalog supplements the TEEX Participant Handbook as well as specific course rules and guidelines. Participants enrolling in TEEX vocational courses should refer to the following documents for complete course rules, disciplinary processes, and requirements in addition to this document:

• Emergency Medical Technician (EMT) Student Handbook
• Paramedic Student Handbook
• TEEX Recruit Fire Academy Policies and Procedures
• Lineworker Academy Policies and Procedures
• Central Texas Police Academy Rules

REGISTRATION PROCESS

Step 1 - Participant
• Please review the course description and TEEX Vocational Catalog to ensure you meet all enrollment requirements prior to beginning the application process. If you are applying to use Veterans Benefits or third-party funding options affiliated with TEEX to pay your tuition, do not pay your application fee until you have been approved. If you pay your application fee prior to approval, you could be subject to losing the application fee as it can take at least 30 days to become approved. Contact the TEEX representative listed below for more information. International participants must contact TEEX International Services (listed below) prior to paying your application fee.
• If you are self pay or have been approved by the VA or TEEX Third Party financial assistance program, begin the registration process by clicking the “Register” button on the course you would like to enroll.
• You will create or update your TEEX Student Portal Account.
• You will pay the $75 Application fee (non-refundable, non-transferrable).

Step 2 - Participant
• After paying the application fee, you will receive a confirmation email that includes instructions and a list of any required prerequisites.
• You will upload prerequisites and your signed Enrollment Agreement to the TEEX Student Portal within the required timeline listed in the confirmation email.
• If using Veterans Benefits or third-party funding options affiliated with TEEX, make sure you are meeting required paperwork deadlines to avoid losing your application fee.

Step 3 - TEEX
• TEEX will review the documents you have uploaded and will contact you if you are missing information or did not upload the correct documentation.
• Once all documentation is approved, a TEEX representative will send you a signed copy of your Enrollment
Agreement and instructions to complete the registration process.

- If applicable, TEEX Veterans Services or Student Services representatives will work with you to coordinate your funding approval.

**Step 4 - Participant**

- Once you receive your signed Enrollment Agreement, you will complete the registration process by following the instructions provided by TEEX to pay your tuition (unless pending VA or third-party financial assistance approval).

**Congratulations! You are now registered for your TEEX course!**

**PARTICIPANT SERVICES**

**Participants Requesting Accommodations (ADA)**

Participants that would like to request accommodations may do so by following the directions found on the [Disability Accommodation website](https://www.teex.tamu.edu/student-services/disability-acc) or contacting the TEEX accessibility coordinator at StudentServices@teex.tamu.edu. The accessibility coordinator will discuss the process with you.

**International Participants**

The TEEX Recruit Fire Academy is the only vocational program that TEEX is authorized to provide I-20M for use in obtaining an M-1 visa at this time. TEEX is not authorized to provide an I-20 or any visa assistance for other programs. Contact the TEEX International Student Services Coordinator at 979-209-0859 or InternationalStudents@teex.tamu.edu.

**Veterans Services**

From service with the Army, Marine Corps, Navy, Air Force, or Coast Guard, the path for veterans looking for a new career begins with training in one of the many certificate programs approved for Veteran Affairs (VA) education benefits at TEEX. These include courses focused on firefighting, law enforcement, and additional courses that we strive to expand every year.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at benefits.va.gov/gibill.

Contact our Veterans Services Program staff at VeteranServices@teex.tamu.edu. You can also visit our website for a course list at teex.org/va.

**Career Services**

TEEX provides a Career Services department that can assist participants by providing assistance with resume writing and techniques to improve interview skills. The TEEX Career Services representative can be reached at CareerServices@teex.tamu.edu. TEEX does not guarantee employment for participants that complete our courses.

**Third-Party Financial Assistance**

TEEX does not provide financial assistance, but there are several federal, state, and private programs that can be used to cover all or some course-related expenses.

For information about options for third-party financial assistance, email FundingInfo@teex.tamu.edu or visit teex.org/about-us/funding-services/.
SATISFACTORY ACADEMIC PROGRESS

Participants’ academic progress is qualitatively and quantitatively evaluated for each course. As components of successful course or program completion, participants must have a cumulative attendance record and the minimum grade as identified in the course information found in this document. Participants who fail, withdraw, or are dismissed from a course must retake the course at their own expense.

**Qualitative Progress**

Qualitative progress is measured using the grading methods explained in this catalog, which includes the minimum passing grade for each TEEX vocational course as well as requirements for psychomotor skills. Participants will receive access to grades throughout course or will receive grade reports and/or letters at a minimum of each quarter of the program (e.g., week 2 of an eight-week program) and/or at evaluation milestones to be kept informed of qualitative progress.

**Quantitative Progress**

Quantitative progress is evaluated by attendance and achievement of course hours. Participants must attend the minimum hours identified in this catalog for each course to maintain satisfactory attendance progress. Participant absences that exceed the maximum allowed consecutive days and/or hours missed will be withdrawn from the course/program.

**Maximum Time Frames**

All course and/or program requirements must be completed within the allowed time frame of the course schedule. In the case a participant has been given an extension to complete course work (through the appeal process), the maximum time frame allowed is 1.5 times the normal program length (e.g., if it takes four weeks to normally complete a program, six weeks would constitute 1.5 times). Participants that exceed the maximum time frame will fail the course.

**Consequences of Failure to Meet Qualitative and Quantitative Measures**

If a participant fails to meet either the attendance (quantitative) or grade/psychomotor (qualitative) requirements for any evaluation period, or both, he/she will be notified of their current standing in writing; this notification will include a notification of removal from the program or the steps necessary for the participant to get back on track with the program/course requirements, as well as the consequences of failure to meet those identified steps. Participants will also receive attendance or academic counseling from the training manager (or designee), as appropriate, to ensure participants are making positive progress towards qualitative and/or quantitative requirements. Consequences of failure to meet quantitative or qualitative measures will be determined by the training manager and could include probation, dismissal from the program, or the opportunity to complete the program for hours but not receive a successful completion certificate.

**Appeals Process**

Participants may file a written appeal to TEEX for matters related to grades, refunds, withdrawals, or other concerns via the process identified in the section below. Participants are encouraged to work with their class instructor and/or course training manager to resolve issues, when appropriate. Participants appealing their Satisfactory Academic Progress (SAP) must meet one of the basis to appeal (below in Appeal and Complaint process) and provide substantiating documentation including a statement as to why they failed to meet the standards and what has changed in their situation that will allow them to meet the SAP standards. Participants filing a SAP complaint should do so as soon as possible after being notified of failure to meet requirements. While the SAP appeal is being reviewed, the participant is to remain enrolled in the course.
The participant will be notified of the final decision in writing. Should the appeal be approved and the participant allowed to continue the course/program, the letter will include a required academic plan determined by the program training manager that will, if followed, ensure the participant is able to meet the SAP standards by a specific point in time.

**PARTICIPANT APPEAL AND COMPLAINT PROCESS**

Participants have the ability to file a complaint or appeal a decision by taking the following steps, which are found in detail in the [TEEX SAP 13.99.99.N0.04 Participant Complaint and Appeal Process](#):

1. Participants that wish to appeal a decision made by TEEX staff may do so by completing the report form at [teex.org/complaint](http://teex.org/complaint). Participants must submit their appeal within thirty calendar days of being notified of a decision.

2. Participants may file appeals under the following conditions:
   a. A procedural error or omission occurred that significantly impacted the outcome
   b. New evidence that could have significantly impacted the outcome is now available
   c. The sanctions issued were not appropriate

3. The review process for appeals is coordinated by the TEEX Ethics and Compliance Office and will be completed within twenty business days of receipt of the appeal. Additional time for the review may be warranted, in which case participants will be notified.

4. The TEEX Chief Operating Officer will make the final decision of the appeal in collaboration with the TEEX Ethics and Compliance Office, unless a certification, licensing, or statutory authority requires a committee or another individual to make the decision.

5. Participants will be notified of the decision in writing by the TEEX Ethics and Compliance Office. This decision is final.
