# Traffic Incident Management Responder Training

## Required in all initial EMS Education Classes Requesting Grant Funding

The Traffic Incident Management (TIM) Responder Training course was developed by responders and designed to promote consistent training that meets the following three objectives: *Responder Safety; Safe, Quick Clearance; and Prompt, Reliable, Interoperable Communications.*

### Topics covered include:

- Dangers encountered by responders working in traffic
- Legislation and common response terminology
- Roles and responsibilities of responders and command, scene size-up reporting
- Safe vehicle positioning and scene safety
- Traffic management
- Special circumstances such as vehicle fires, hazardous materials, vehicle fluid spills, and crash investigations
- Clearance and incident termination

### TxDOT offers Train-the-Trainer classes

- Class is offered once per quarter
- Contact **David McDonald** at 512-965-2515 or [David.McDonald@txdot.gov](mailto:David.McDonald@txdot.gov)

### Several sources offer Face-to-Face classes

- **Joe Kinkovshy** with TEEX Central Police Academy at 832-858-0669 or [Joe.Klinkovshy@teex.tamu.edu](mailto:Joe.Klinkovshy@teex.tamu.edu)
- **Ruben Camacho** with TEEX at [Ruben.Camacho@teex.tamu.edu](mailto:Ruben.Camacho@teex.tamu.edu)

### The TxDOT representatives listed below will either find a resource in your area or teach it themselves:

- **David McDonald** at 512-965-2515 or [David.McDonald@txdot.gov](mailto:David.McDonald@txdot.gov)
- **Nicole Tyler** at 940-937-7179 or [Nicole.Tyler@txdot.gov](mailto:Nicole.Tyler@txdot.gov)

### Proving Completion for Reimbursement

Coordinator fees will not be reimbursed until copies of the syllabus, sign in roster, and certificates from the TIM module are provided.

**Length** 4-Hour module  
**Tuition** Call for Information  
**Register** Contact one of the representatives listed to the right
