

Application for Admission

Track C—Ten years of Command Staff Experience without a Degree

Thank you for applying for the TEEEX Fire Service Chief Executive Officer (FSCEO) program in College Station, TX. This capstone program is a collaboration between TEEEX and Texas A&M University Mays Business School. It is delivered by the professors of Mays Business School and is designed to provide advanced level professional development to sharpen leadership skills of executives within the fire service. Admission to the program will be on a competitive basis through this application process.

About this application process

You will be asked a series of questions based on the prerequisites to determine if you meet the minimum qualifications for this program. Please fill out this application and upload it to your TEEEX Student Portal. In addition, please upload your proof of prerequisites. Once you have uploaded this application and necessary prerequisites, your application will be reviewed. If you have questions or concerns about this process please contact Sean Fay at Sean.Fay@teex.tamu.edu or 979-321-6215.

Prerequisites

You have selected the **Track C** option. For Track C you must meet one of the following requirements and you must be actively employed or serving in the Fire Service and/or Emergency Medical Services field.

Ten years of documented **Command Staff Administration Experience** in emergency services administration (*see definition of Command Staff Administration Experience below*). The applicant's command-level administrative experience must be documented as part of the application process. Years of service at the Command Staff Administration level need to be cumulative ten years of service, with five or more continuous years of service.

The applicant shall submit a narrative explanation that details the applicant's relative experience that supports the experience listed within the submitted resume and how that experience meets the requirements for Track-C application to the Fire Service Chief Executive Officer Program (FSCEO).

Note: Please use the following definition for **Command Staff Administration Experience**:

Command Staff Administration Experience is defined as work conducted above the company/tactical level or shift commander level, specifically working in administrative or related strategic department duties. Responsibilities shall include, but not limited to budget preparation, developing/implementing training programs, policy/guideline development, strategic planning, etc.

1. Answer the following statements:

Do you possess, at minimum, a total of ten years of "Command Staff Administration Experience" as defined by this application?

- Yes If yes, make certain that your resume clearly reflects this experience.
 No
