

## How Do I Register/Get My TEEEX Certificate?

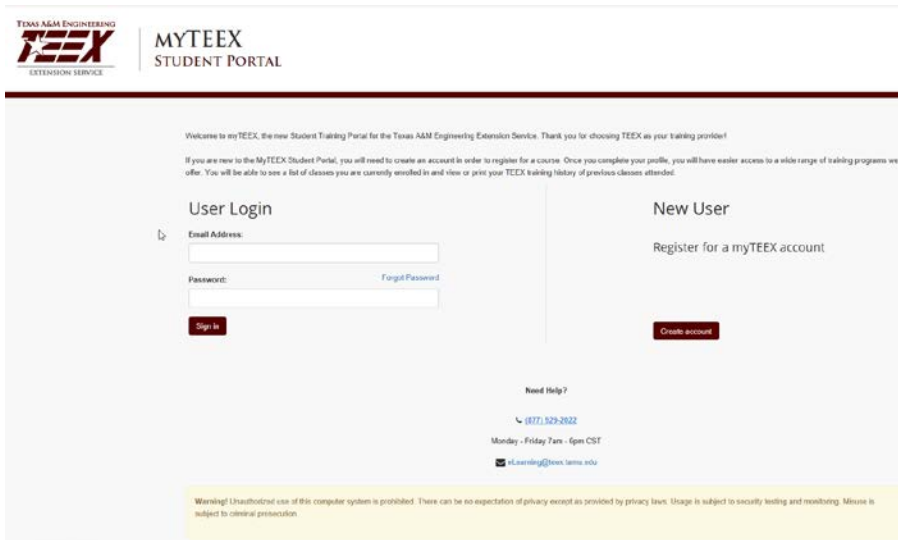

TEEX is making it easier for you to get your certificate! You are now able to view, download, and/or print your certificate from the MYTEEX Student Portal. Certificates are available on the student portal 14 days after a class has ended.

If you already have a MYTEEX Student Portal account, go to [my.teex.org/teexportal](http://my.teex.org/teexportal) and log in. You should see the course you took and the print certificate option.

If you do not have a MYTEEX Student Portal account, follow the steps below to create one.

### Step 1

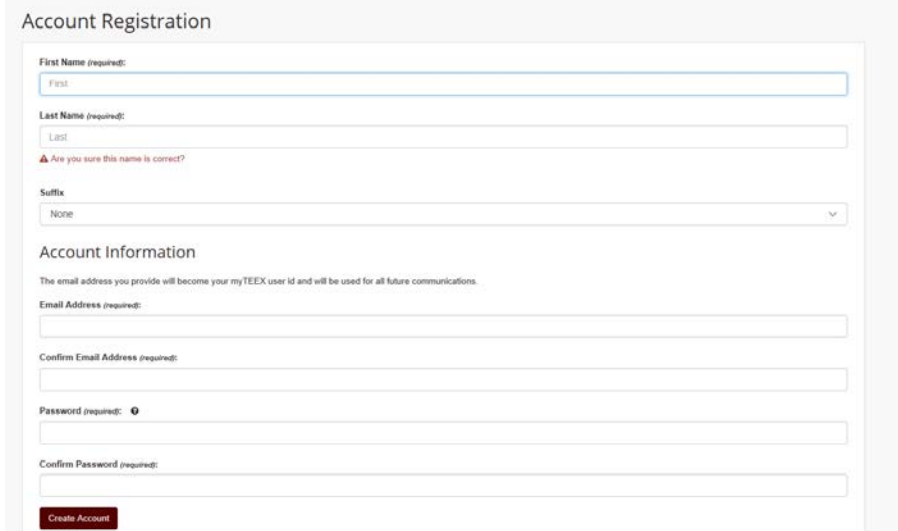

Type [my.teex.org/teexportal](http://my.teex.org/teexportal) into your browser's address bar and press the "Enter" key on your keyboard. You should be taken to the page pictured below.

The screenshot shows the MYTEEX Student Portal interface. At the top left is the TEEEX logo with the text "TEXAS A&M ENGINEERING EXTENSION SERVICE". To its right is the "MYTEEX STUDENT PORTAL" header. Below the header, a welcome message reads: "Welcome to myTEEX, the new Student Training Portal for the Texas A&M Engineering Extension Service. Thank you for choosing TEEEX as your training provider! If you are new to the MyTEEX Student Portal, you will need to create an account in order to register for a course. Once you complete your profile, you will have easier access to a wide range of training programs we offer. You will be able to see a list of classes you are currently enrolled in and view or print your TEEEX training history of previous classes attended." The main content area is split into two columns: "User Login" on the left and "New User" on the right. The "User Login" section has fields for "Email Address" and "Password" with a "Forgot Password" link, and a "Sign In" button. The "New User" section has a "Create account" button. At the bottom, there is a "Need Help?" section with a phone number "(877) 529-2822", operating hours "Monday - Friday 7am - 6pm CST", and an email address "tlearning@teex.tamu.edu". A yellow warning banner at the very bottom states: "Warning! Unauthorized use of this computer system is prohibited. There can be no expectation of privacy except as provided by privacy laws. Usage is subject to security testing and monitoring. Misuse is subject to criminal prosecution."

### Step 2

Select the "Create Account" button. You should be taken to the Account Registration page.

The screenshot shows the "Account Registration" form. It is titled "Account Registration" and contains several sections. The "First Name (required)" section has a text input field with a "First" label. The "Last Name (required)" section has a text input field with a "Last" label and a red warning icon with the text "Are you sure this name is correct?". The "Suffix" section has a dropdown menu with "None" selected. The "Account Information" section includes a note: "The email address you provide will become your myTEEX user id and will be used for all future communications." Below this are four text input fields: "Email Address (required)", "Confirm Email Address (required)", "Password (required)" (with an eye icon), and "Confirm Password (required)". A "Create Account" button is at the bottom.

### Step 3

Step 3: Complete the Account Registration page. Password requirements include the following:

- 10 character minimum and must contain 3 of the following
  - Uppercase letters
  - Lowercase letters
  - Numbers
  - Non-alphabetic characters (Examples: !, ?, =, #)
