

TEEX is happy to announce that we have received approval for funding under the TxDOT EMS Education Grant for fiscal year 2022.

Applications can be submitted at any time and will be reviewed in the order in which they are received. In order to ensure a smooth class start, classes cannot begin prior to October 15, 2021 and must have a written award letter from TEEX-TxDOT EMS Education Grant staff to be eligible for reimbursements.

1. Letter of Necessity

This letter should be a signed letter on agency letterhead and include the following information:

- Your response coverage area,
- The number of staff and volunteers within your agency,
- Your EMS training budget,
- Your county of operation,
- Other jurisdictions/Agencies who will participate in the course,
- What percentage of your response is done in non-urban areas (where urban is within the city limits of an incorporated city with a population of 5,000 or more),

In one-two paragraphs, provide a brief summary, explaining your need for funding. **Applications will not be considered without this letter.**

2. Enrollment Requirements

In order to maximize impact of funding, your agency must invite surrounding jurisdictions to attend. This will serve as a component of evaluation during the ranking process.

3. Eligible Courses

Only courses listed below are eligible for funding under the grant.
